Professional Summary

Results-driven Software Engineer with 2 years of experience in full-stack development, specializing in React.js, Redux, .NET Core Web API, and SQL. Proficient in developing scalable web applications, and APIs, quick to learn, and a proactive team player focused on delivering high-quality software and achieving project success.

Technical Skills

Frontend Development:

- React.js, React Redux, React Router, React Hooks, Next.js
- TypeScript, JavaScript (ES6+), HTML, CSS, Bootstrap, tailwind css

Backend Development & API Integration:

- C#, .NET Core, .NET MVC, ASP.NET, Web API
- RESTful APIs, Axios, Fetch

Database Management: SQL Server, MySQL, Oracle DB

Version control & CI/CD:Git, GitHub, GitHub Actions, Code Collaboration

Development tools:Visual Studio, VS Code, Postman, Swagger, Microsoft SQL Server

Work Experience

Accure Softech Pvt Ltd, Pune (June 2025 – Present)

Software Development Engineer

- Developed React.js applications with Redux Toolkit, improving UI state management. Integrated RESTful APIs using Axios improving frontend-backend communication.
- Managed version control with Git/GitHub, following GitFlow for branching and merging.
- Assisted in developing React components and integrating RESTful APIs.
- Worked with frontend-backend integration.
- Contributed to bug fixing, debugging, and performance optimization.
- Used Git for version control, participating in pull requests and peer code reviews.

Emtec Technologies Pvt. Ltd. (. Aug 2022 - Oct 2023)

Pune, India

Associate Software Development Engineer

- Developed React.js applications with Redux Toolkit, improving UI state management.
- Integrated RESTful APIs using Axios improving frontend-backend communication.
- Developed and optimized .NET Core Web APIs for backend functionality.
- Designed and wrote optimized SQL server queries & stored procedures.
- Managed version control with Git/GitHub, following GitFlow for branching and merging.
- Assisted in developing React components and integrating RESTful APIs.
- Worked with .NET Core, Web API, SQL Server, and frontend-backend integration.
- Contributed to bug fixing, debugging, and performance optimization.
- Used Git for version control, participating in pull requests and peer code reviews.

Projects

RPAaaS (Robotic Process Automation as a Service) –

Tech stack: React.js, Redux, Web API, SQL Server, Git.

- Developed an interactive React.js web application with Redux for efficient state management.
- Integrated RESTful APIs using Axios improving frontend-backend communication.
- Designed and optimized .NET Core Web APIs with authentication and CRUD operations.
- Implemented optimized SQL Server queries & stored procedures, improving database efficiency.

Awjar Bank -

Tech stack : React.js, Redux, python

- Developed an interactive React.js web application with Redux for efficient state management.
- Integrated RESTful APIs using Axios improving frontend-backend communication.
- Developed UI modules for **real-time availability display**, driver profiles, vehicle condition checks, and rating/review system.
- Created dashboards for **Admin, Driver, Vendor, and Farmer** roles with role-based access & data views.
- Worked closely with backend team to finalize API structures, validations, and error handling.
- Improved usability through **interactive forms, modals, pagination, and validation logic** across booking and management screens.

Education

Master of Science in Computer Science

2022

Shivaji University

Bachelor of Science in Computer Science

2020

Shivaji University

Certifications

- Junior Software Developer – **Rooman PMKK, Satara (2021)**
- Full Stack Software Development – **JSpiders Institute, Hadapsar, Pune**
