Shivam Yadav

Software Development Engineer (Frontend — React — Next.js)

Maharashtra, IN • +91 8605284612 • shivambyadav99@gmail.com • linkedin.com/in/shivambyadav99 • github.com/shivambyadav99

Summary

Software Development Engineer with 2+ years of experience building responsive and high-performance web applications using React.js, Next.js, Redux Toolkit, and React Query. Skilled in REST API integration, performance optimization, scalable component architecture, CI/CD using GitHub Actions, and deployments on Vercel. Experienced collaborating with cross-functional teams in Agile/Scrum environments and contributing to code quality through reviews, testing, and debugging. Currently exploring React Native and cross-platform development.

Experience

Software Development Engineer Jun 2025 – Present
Accure Softech Pvt Ltd, Pune, India
- Developed reusable UI components using React.js, Next.js, and Redux Toolkit, improving feature delivery speed by 20%.
- Integrated REST APIs using Axios and optimized data fetching strategies with React Query.
- Improved Lighthouse performance scores by optimizing images, memoization, and code splitting.
- Collaborated in Agile sprints, contributing to planning, estimation, and code reviews.
- Utilized Git workflows for branching, pull requests, and production release management.

Associate Software Development Engineer Feb 2023 – Oct 2023
Emtec Pvt Ltd, Pune, India
- Built responsive and accessible React.js components with Redux Toolkit for state management.
- Integrated REST APIs and implemented loading, caching, and error-handling UX improvements.
- Contributed to testing and debugging, reducing UI bugs during QA cycles.
- Collaborated with backend and product teams during Agile ceremonies.

Trainee Software Development Engineer Aug 2022 – Feb 2023
Emtec Pvt Ltd, Pune, India
- Implemented UI features using HTML, CSS, JavaScript, and React.js under senior guidance.
- Assisted in API integration tasks and version control using Git and GitHub.
- Gained hands-on experience in frontend workflows, deployments, and collaborative development.

Projects

Thread By Varnika (E-Commerce Custom Tailoring Platform)
Next.js, Tailwind CSS, React Query
- Built a fully responsive e-commerce platform with product browsing, filtering, and checkout flows.
- Integrated APIs for cart, orders, and secure checkout, improving UX and reducing failed checkouts.
- Optimized layouts with dynamic loading and caching for smooth mobile performance.

Awjar Bank (Smart Farming Vehicle & Driver Management Platform)
React.js, CSS, Redux Toolkit
- Developed role-based dashboards enabling Owners, Drivers, and Farmers to manage tasks.
- Implemented booking flows, vehicle status, and profile management using REST APIs.
- Collaborated with backend teams to refine API contracts and handle edge cases.

RPAAS (Legacy Process Automation System)
React.js, REST APIs, Git
- Enhanced UI components, fixed bugs, and collaborated through PR reviews.
- Improved runtime performance and reduced UI inconsistencies across modules.

Technical Skills

Languages: JavaScript, HTML, CSS
Frontend Frameworks: React.js, Next.js
State Management: Redux Toolkit, React Query, Context API
Styling & UI: Tailwind CSS, CSS Modules, Responsive UI
Data Fetching & APIs: REST APIs, Axios
Build & Tooling: Vite, Webpack, npm, Yarn
CI/CD & Deployment: GitHub Actions, Vercel
Version Control: Git, GitHub
Databases: SQL, MS SQL
Methodologies: Agile, Scrum
Learning: TypeScript, React Native

Education

M.Sc Computer Science Aug 2020 – May 2022
Shivaji University, Kolhapur *85.83%*
B.Sc Computer Science Aug 2017 – May 2020
Shivaji University, Kolhapur *75.08%*

Certifications

Full Stack Software Development — JSpiders Institute, Pune (2022)
Junior Software Developer — Rooman PMKK, Satara (2021)
